

IOPA STAFFING S O L U T I O N S

IOPA is a 100% Australian owned and operated group of companies that specialise in the community services and youth work sector

OUR VISION

Working together to create connected, caring and thriving communities.

OUR UNIQUE VALUE PROPOSITION

We partner with your organisation to provide a tailored and integrated staffing solution.

OUR TAILORED SYSTEM

*We are one of the **ONLY** staffing companies in Queensland that has an ongoing relationship with Strategix Training Group to deliver relevant training within the industry. Hence, creating a pipeline of qualified staff.*

Through our experience in the sector, we know that a major issue with casual staffing is integration into the host organisation's workflow and culture. Strategix's training can be customised and includes modules specifically catered for your organisation's staffing needs, so casual staff can integrate seamlessly into your workflow systems and workplace culture.

*Strategix Training Group via **IOPA TRAINING** delivers high-quality and community sector-driven training and qualifications. Their graduates are exceptionally equipped for careers in community and youth work industries.*

IOPA STAFFING SOLUTIONS provides Government and Non-Government organisations who work alongside at-risk and marginalised young people with highly-qualified, caring and passionate staff.
